## RAUNCHY ROMP WITH THE RAGING QUEEN

Come! And see this internationally acclaimed and award-winning bawdy show that's taken the Ren faire scene by storm. A "full contact reading of his books," François makes his audience play out the scenes, and they absolutely can't get enough of it. Because he's got so much content to draw from the show is different every time, and no matter where he goes, after a couple of weekends every performance has fans who have brought their friends — sometimes from multiple states away — to come see it.

### PROGRAM BLURB

It's the gay pirate romance adventure you've always secretly (or openly) wanted! Join the most fearsome fruit in all of France as he shares the sauciest exploits from his banned books, *There's Seamen on the Poop-Deck!* and the rest of the six-part series *The Seamen Sexology*. Guaranteed to offend even the sturdiest of sailors: it's the tantalizing tail everyone's talking about! (And the tale's not bad, either.)

### AWARDS

*Best Returning Stage Act* (Bay Area Renaissance Festival 2025)

*Best Lane Interactions* (Kansas City Renaissance Festival 2023)
